

A Brief Guide to ROI for Warehouse Software

How RFgen MobileEdge™ Generates ROI

RFgen mobile solutions help organizations reduce costs and improve performance by generating immediate benefits and fast ROI.

1) Inventory Factors

Automated data capture ensures real-time visibility and pinpoint accuracy.

| | | | |
|--|--|---|---|
| Accuracy 99.9% ACHIEVABLE \$50-100 average cost per error | Carrying Costs 3-5% REDUCTION of on-hand inventory levels | Quality Control 10% REDUCTION of inventory losses from deterioration | Scalability +30% EFFICIENCY faster processing time, greater throughput |
|--|--|---|---|

2) Labor Costs

Enterprise mobility maximizes the efficiency and flexibility of your workforce.

| | | | |
|--|---|---|--|
| Worker Productivity 30% increase with mobile barcoding | Training Time >80% reduction in time-to-productivity | Talent Acquisition & Turnover Increase Retention \$4,129 average turnover cost per hire* | Injury Rates Reduce Injuries \$42,000 average cost per injury** |
|--|---|---|--|

*Average cost-per-hire according to Society for Human Resource Management (SHRM).
 **Average rate per injury requiring medical consult, according to National Safety Council.

3) Solution Impact

A best-of-breed WMS may not be worth the long path to ROI.

| | RFgen | VS | WMS System |
|----------------|-------------------------|----|-------------------------------|
| Time to Market | <4 Months | | 12+ months |
| Time to ROI | <8 Months | | 24+ months |
| Size & Weight | Lower Cost & Complexity | | Significant Cost & Complexity |
| Flexibility | Fast, Simple to Modify | | Slow, Complicated to Modify |

4) Indirect Influences

RFgen delivers ROI by mitigating a number of intangible factors.

Customer Service Interruptions

Invisible Bottlenecks

Industry & Regulatory Compliance

Environmental Disruptions

Real ROI. Real Results.

ROI is essential for new warehouse software. Learn more about building a strong business case with real ROI by contacting the experts at RFgen today.
